PROFILE SUMMARY

Data Analyst with strong foundations in BI tools, DAX, Data Modelling, SQL, and Python, currently pursuing an MSc in Data and Information Science at the University of Ibadan. Experienced in analyzing datasets, building dashboards, and generating actionable insights through real-world projects and internship experience. Proficient in Power BI and Tableau, with a strong ability to communicate data findings clearly. Passionate about using data to support business decision-making and improve operational performance.

SKILLS, TOOLS AND INTEREST

- **Data Analysis & Querying:** Excel (VBA Codes and Macros, Power Query, and Pivot tables), SQL (Joins, Aggregations, Data Extraction), SPSS, Google Spreadsheet)
- **Programming:** Python (Pandas, NumPy, Matplotlib, Beautiful Soup, Request, and Seaborn).
- **Visualization:** Power BI, Looker Studio, and Tableau.
- **Other Tools:** Google Big Query, dbt(fundamentals), Snowflake, RAG, Claude, ChatGPT, n8n.
- **Soft skills:** Problem-solving, Communication & Presentation, Attention to Detail, Team Collaboration, Critical Thinking.

PROFESSIONAL EXPERIENCE

DATA ANALYTICS JOB SIMULATION **SEPTEMBER 2026**

Deloitte Australia (Remote, Supported by The Forage)

- Completed a Deloitte data analytics and forensic technology job simulation focused on analyzing business data and deriving actionable conclusions.
- Used Excel to classify and analyze data, identifying patterns and drawing business-relevant conclusions.
- Built an interactive Tableau dashboard to communicate analytical findings and support data-driven decision-making.
- Applied data analysis, data modeling, visualization, and structured problem-solving techniques to a simulated business scenario.
- Communicated analytical findings clearly through formal business reporting.

DATA VISUALIZATION ASSOCIATE (STAR PERFORMER) **March 2026 – June 2026**

Excelerate (Remote Internship, supported by Saint Louis University)

- Selected as a Star Performer for outstanding performance and contribution during the Data Visualization Associate Early Remote Internship.
- Queried and analyzed large datasets using PostgreSQL to uncover business insights and support decision-making.
- Designed interactive dashboards and reports in Looker Studio to monitor key performance indicators (KPIs) and communicate findings effectively.
- Performed data cleaning, validation, and exploratory data analysis to improve data quality and reporting accuracy.
- Collaborated with an international team on analytics projects, translating business requirements into actionable data insights.
- Presented analytical findings and recommendations to stakeholders using clear data visualizations and reports.

DATA ANALYTICS STUDENT TUTOR **July 2025 – February 2025**

DDIS student tutorial, University of Ibadan, Nigeria

- I trained my colleagues (36 postgraduate students) in Excel, SQL, and Python for advanced analytics exams
- I simplified complex topics such as predictive modeling and forecasting into practical case studies, making assimilation easy for my colleagues.
- I achieved 100% student exam readiness through structured teaching and one-on-one mentorship

DATA ANALYST **September 2024 – March 2025**

Cirvee Academy, Ibadan, Nigeria

- I built interactive dashboards using Power BI and Excel to track KPIs and support timely and strategic decision-making.
- I improved data accessibility by developing automated workflows for reporting.
- I delivered insights that supported data-driven operational improvements within the academy.
- I was awarded *Best Graduating Intern* for leadership and contribution to team analytics projects.

DATA ANALYST INTERN (DATA CLEANING & PREPARATION) **April 2020 – October 2020**

Geo-Technics Service Limited, Ibadan, Nigeria

- I collected, cleaned, and analyzed datasets using Excel to enable senior analysts to make insightful decisions from the dataset
- I identified trends and provided insights to stakeholders for operational improvements.
- I documented data processes and methodologies with Microsoft word weekly to enhance team knowledge sharing.

EDUCATION

- **Master of Science in Data and Information Science (In- view) –**
  University of Ibadan, Nigeria. [Expected Completion: October 2026]

- **Bachelor of Technology in Physics**
  Ladoke Akintola University of Technology, Nigeria.

PROFESSIONAL CERTIFICATION

- Deloitte Data Analytics Job Simulation (2026)
- AI Fluency: Framework and Foundation, Anthropic (2026)
- Power BI Report Design, Microsoft (2026)
- Work Smarter With AI, Microsoft (2026)
- Data Analytics Fluency Pathway, IBM (2026)
- AI Fundamentals, IBM (2026)
- Data Analysis Certification Course, Tech4Dev (2025)
- Data Analysis Certification, Cirvee (2025)
